MEMORANDUM FOR: Director of Training  
SUBJECT : Training Manual on Imagery Analysis  
REFERENCE : DIR-5106, dated 18 June 1970

25X1  
1. We will be pleased to provide desk space and working facilities for [redacted] during his temporary duty here 6-31 July 1970. We believe that a Training Manual on Imagery Analysis has great possibilities as an important tool for indoctrinating new employees who are just entering into the PI world and also as a possible useful tool for customers of the product of imagery analysis.

2. We have not as yet seen an outline for the proposed manual. I am in favor of NPIC personnel bearing a hand in writing the manual, but I shall reserve judgment as to the extent of this effort until I have a chance to review the scope of the work. When the outline is completed, we shall be most happy to review and comment on it.
